#### Reason for Legislation

The reason for this legislation is to repeal Section 5 of Ordinance No. 991594 and reenact a new Section 5 of like subject matter. All other Sections of this ordinance shall remain effective.

Funds are available from the Water Services Department to subsidize 50% of the construction cost for Sewer District #15084, near NW 61st Street & NW Martin Drive, in Kansas City, Platte County, Missouri, Council District 2, Project #3498.

#### Discussion

(including relationship to other Council actions)

The Section 5 being repealed required the special assessment for 100% of the total construction cost of the sewer improvement plus 13% of the total construction cost of the sewer improvement for engineering and administration to be levied upon the property within Sewer District #15084 according to the area rule and that said tax bills be payable in fifteen annual installments.

Due to subsidy of funds becoming available, the new Section 5 requires the special assessment for 50% of the total construction cost of the sewer improvement plus 13% of the total construction cost of the sewer improvements for engineering and administration to be levied upon the property within Sewer District #15084 according to the area rule and that said tax bills be payable in fifteen annual installments.
