Ordinance Number

Brief Title	Approval Deadline	Reason
HIV Surveillance		
Details		
Reason for Legislation		
This ordinance is to accept the annual contract with Missouri Department of Health and Senior Services (DHSS) to provide HIV surveillance activities in Kansas City, MO and in the Missouri counties of Jackson, Platte, Clay, Cass and Ray.		
Discussion		
HIV surveillance is responsible for identifying and coordinating the reporting of HIV disease in a 5 County region of Missouri. Routine contact with physicians, hospitals and laboratories facilitate this reporting and the aggregate numbers are then returned to the community as data reports which support numerous grant applications and prevention activities. HIV Surveillance provides the data and statistical information needed to apply and maintain funds that support Ryan White activities that assist those living with HIV in the Kansas City metropolitan area.		
Is it good for the children?		
Many of the Health Departments programs are specifically designed for the betterment of health in all citizens. This Program specifically targets the health in both adults and children.		
How will this contribute to a sustainable Kansas City?		
Many public health programs are funded based on the need of the community and the impact upon individual citizens and high risk groups. Promoting economic vitality, social equity and environmental quality in addressing public health initiatives is oftentimes dependent upon federal, state and local funding; however, the goal of these programs is to promote and protect all citizens of Kansas City on a continuing, ongoing and sustainable basis.
