Section 1. That Chapter 10, Code of Ordinances of the City of Kansas City, Missouri, is hereby amended by repealing sections 10-104, 10-106, and 10-214, and enacting in lieu thereof new sections to read as follows:

### **Sec. 10-104. Sunday licenses.**

(a) A Sunday license authorizes the licensee to sell alcoholic beverages at retail on the licensed premises under the conditions and during the hours herein specified on Sunday in addition to the legal hours and days set out in section 10-333 except, if the licensee holds a valid license or permit pursuant to the provisions of section 10-106, then the licensee may be open for business in accordance with the provisions of the license or permit.

(b) *Consents required.*

- (1) Unless stated otherwise in section 10-215, for the Crossroads Area and Historic West Bottoms Area as defined in section 10-214, no Sunday alcoholic beverage license shall be issued for any premises as further described in this section unless the applicant shall, within 45 days of the filing of the application, furnish to the director, consent forms signed from a majority of eligible consenters as defined in this chapter from a minimum of 15 eligible property parcels as defined by geographic information systems maps based on the North American Datum 1983 Missouri West State Plane Coordinate System, maintained by the public works department of the city, wholly within or intersected by a radius of 250 feet from the proposed premises, as measured from the center of the door for the main entrance to the premises except that any parcel of such

real estate on which a retail sales-by-drink, C.O.L. or sales-by-package license is situated and any parcel of real estate owned by the city, except park property, shall not be included in the calculation. For any premises that does not either intersect or include the boundaries of a minimum of 15 eligible property parcels within a radius of 250 feet, the radius will be increased by segments of 100 feet not to exceed 1,500 feet until the premises is intersected by or within the boundaries of a minimum of 15 eligible property parcels. No more than thirty-five percent (35%) of the eligible property parcels included in the consent radius shall be comprised of property parcels that are owned by the same person, as person is defined in this chapter, or owned by an entity in which the same person has a majority ownership interest therein. If the same person, or an entity in which the same person has a majority ownership interest therein, owns multiple parcels within the boundaries of the consent radius, only their property parcels located within the closest proximity to the proposed premises, which account for thirty-five percent (35%) of the total eligible property parcels, will be included in the consent radius. If, after reviewing the ownership of the eligible property parcels and if some of the property parcels are determined to be no longer an eligible property parcel to consent because they are owned by the same owner as defined above, then the eligible property parcels shall be increased based on the incremental radius defined above to reach the minimum 15 eligible property parcel requirement. The center of the door for the main entrance to the premises shall be determined by the entrance most used by the public visiting the establishment. The applicant must provide a notarized statement that all consent forms submitted to the director are from the property owners or tenants, as described in this section, that have been identified as eligible consenters. The consent requirement provided in this section shall apply to:

If an eligible consenter chooses to abstain from giving their consent, they will not be included in the total number of eligible consenters for which the applicant must obtain consents, however, the applicant must furnish a signed consent form from the property owner indicating that they

have chosen to abstain from the consent process. For purposes of this section, a condominium as defined in this chapter that has less than five unit owners shall be considered as a single property parcel entitled to a total of two consents which shall be validated only if a majority of the condominium unit owners give their consent. For purposes of this section and the sections in this Code providing for the increased consents for condominiums, where there is a condominium included within the consent radius and that condominium has increased consents pursuant to the provisions herein contained then the number of eligible consenters shall be increased to correspond with the number of increased condominium consents thereby increasing the majority number of consents needed in order to obtain the license. In lieu of a signed consent from an eligible property owner under this section, an applicant may furnish and the director shall accept a signed consent in proper form from a tenant of the property owner under the following conditions:

1. That the tenancy is for a term not less than one year; and
  2. That applicant shall furnish to the director sufficient proof that the applicant has sent a notification to the eligible consenting owner in a form approved by the director, by U.S. certified mail; and

- (2) With the exception of the areas outlined in subsection (b)(1) of this section and unless stated otherwise in section 10-215, no Sunday alcoholic beverage license shall be issued for any premises as further described in this section unless the applicant shall, within 45 days of the filing of the application, furnish to the director, consent forms signed from a majority

For any premises that does not either intersect or include the boundaries of a minimum of 15 eligible property parcels within a radius of 250 feet, the radius will be increased by segments of 100 feet not to exceed 1,500 feet until the premises is intersected by or within the boundaries of a minimum of 15 eligible property parcels. The center of the door for the main entrance to the premises shall be determined by the entrance most used by the public visiting the establishment. The applicant must provide a notarized statement that all consent forms submitted to the director are from the property owners or tenants, as described in this section, that have been identified as eligible consenters. The consent requirement provided in this section shall apply to:

- a. Any new premises;
- b. Any premises adding a Sunday license.

An applicant required to submit consents to the director shall furnish with the application two coordinates, expressed in feet, based on the North American Datum 1983 Missouri West State Plane Coordinate System, identifying the center of the door for the main entrance to the premises. If within the initial 45 day period for furnishing consents, an applicant files with the director a written request demonstrating good cause for an extension of time to furnish consents, the director may grant one extension of time for furnishing consents under this section up to an additional 45 days. If an eligible consenter chooses to abstain from giving their consent, they will not be included in the total number of eligible consenters for which the applicant must obtain consents, however, the applicant must furnish a signed consent form from the property owner indicating that they have chosen to abstain from the consent process. For purposes of this section, a condominium as defined in this chapter that has less than five unit owners shall be considered as a single property parcel entitled to a single consent which shall be validated only if a majority of the condominium unit owners give their consent. A condominium unit that has between five and 15 unit owners shall be considered as a single property parcel entitled to two consents which shall be validated only if a majority of the condominium unit owners give their consent.
